

COLUMBIA NEWS.

From an Occasional Correspondent.
All quiet among the fisheries below the dam. Nothing new to report.
All quiet on Tow hill since the disgraceful affair on Tuesday afternoon.
Sheriff Strine was in town yesterday on fish business.
Frederick Bucher, the grocer, left Columbia yesterday for a visit to the fatherland.

Market was well attended this morning; prices fair: Butter, 23c to 28c; eggs, from 10c to 13c; potatoes, 55c a bushel; head salad and asparagus high.

A committee of the Vigilant fire company No. 1, of York, Pa., was in town this morning on their way to Norristown to attend the centennial anniversary of the Humane fire company of that place.

The rate of taxation for 1880 has been fixed by council at six mills on every dollar of valuation, one mill higher than for the year 1879, and the appeal day Friday, May 14, from 2 to 5 o'clock in the council chamber.

An invitation has been received by the Vigilant fire company, No. 2, to participate in the celebration of the 40th anniversary of the Pioneer fire company, of Marietta on May 21.

Mr. J. F. Frueauff, who resides in Leadville, Colorado, has a very interesting letter in the Columbia Spy—a look at the silver mines and his ride through snow eight feet deep.

A large and appreciative audience gathered at the opera house last evening to hear the singing of the original Fisk university jubilee singers, under the auspices of Welsh Post, No. 118, G. A. R. All were very much pleased with the fine music rendered.

On next week the postoffice will be moved into the new store room adjoining, and the postoffice room will be enlarged and thoroughly re-furnished. A money order department will be made, and among the improvements will be 250 Yale lock boxes and other desirable improvements made.

LAST NIGHT'S BALL.

Tremendous Crowd—Great Success.
Last night one of the largest balls, that has ever been given in Lancaster, was held in the opera house by the employees of the Penn iron company. Long before the doors were opened there was a large crowd in front of the house and by 10 o'clock the reception room on the second floor was crowded with ladies. The promenade came off shortly after 10 o'clock and at least one hundred and fifty couples participated in it. Each lady was presented with one of the handsome programmes as they took the floor.

The parquet circle was occupied during the evening by a large number of persons who spent the time very pleasantly in looking at the dancers. The ball broke up at a late hour this morning, it having been a grand success in every way. The best of order prevailed during the whole time. Policemen were stationed in the building but there was no attempt to raise a row. The managers of the affair deserve to be congratulated on its success. They all worked hard to please their patrons and should they ever hold another ball they would be sure to have as large a crowd than they had last night.

Injured by a Blast.

Joseph Schmitt, quarryman, residing at No. 508 Poplar street, was very severely injured yesterday while quarrying stone at Miller's line kilns, on the Conestoga creek, near Wabank. It appears that he had prepared a blast and lit the fuse, but for some reason the charge did not explode. After awaiting a reasonable length of time he went to the blast and attempted to draw the charge. While thus engaged the explosion took place and Mr. Schmitt was very seriously injured, his face being burned by the powder and cut by the sand, and his arms and body being badly cut by small pieces of stone. He was taken to his home and attended by Dr. J. W. Hess. He will probably recover, but it is feared he may lose the use of his eyes.

RAILROAD ACCIDENT.

A Brakeman Has Both Legs Cut Off.
About half past eleven o'clock this morning George Hetherington, a brakeman on local freight east, fell from his train while dropping cars on the siding at Downingtown. Several cars passed over him cutting off both legs. Hetherington is a single man and resides in Philadelphia, to which city he was taken on Pacific express.

Ball.

On Monday evening May 1st of the Lancaster Club (K. of P.) opened at Robert's hall when a good time was expected.

Mr. Louis KILMAN, Mahanoy City, Pa., in forms us that his wife suffered for a whole year with Pains in the Back, and was at times unable to attend to her household duties. He procured a bottle of Dr. J. C. Ayer's Kidney and Bladder Pills, and this wonderful remedy relieved her at once, and effected a permanent cure.

The Diamond Business.

The records of the Philadelphia Custom house show a wonderful increase in the amount of importations of fancy goods and articles of adornment and luxury from Europe. Objects of vertu and the art are coming into the country in far greater quantity than in former years and are finding their way to the homes of people of good taste and refinement. In the importation of diamonds there is a marvelous increase. Nothing is more indicative of the vast increase of prosperity of the community. We are informed by Mr. Joseph T. Bailey, of the firm of Bailey, Banks & Biddle, well-known as diamond experts and authority on precious stones, that there is a great increase in the price of gems in Europe, owing both to the scarcity and the increased demand. It is an established fact that in spite of this the people will have diamonds, for they are the fashion. There is no paragon more than the diamond, nor any which wears a more lasting value for the money invested in it.

Lancaster Mutual Beneficial Association.
This association has just been organized and will be conducted under the same plan and laws as the Conestoga Mutual Beneficial Association (which has been in operation at No. 2 cotton mill for the past seven years). The membership will be limited to three hundred, and the object of the association is to pay to the family of a deceased member as many dollars as there are members in the association. The application of all persons in good health between the ages of 18 and 45 who desire to become members will be received by William H. Powell, at Parry's drug store; John W. Rudy, at Allendale cotton mill; E. E. Snyder, at South Prince street, or at the hall, second-story of the Inquirer building, on Monday and Wednesday evenings of next week.

Before Breakfast.

always use SOLODON and rub it in well. It gives such pleasant relief from parched tongue resulting from sleep, promotes the healthful secretions of the mouth. It will cost more for meat and such things, but it will be more for good.

Amusement.

Joseph Jefferson Tonight.—The famous actor, Mr. Joseph Jefferson, will appear at Fulton opera house this evening in his world-renowned impersonation of Rip Van Winkle, in Washington Irving's delightful story of that name dramatized especially for Mr. Jefferson's representation. Jefferson is the acknowledged Rip of the stage, and as several years have elapsed since the people of Lancaster last had the privilege of seeing him, there will doubtless be a large turnout of his admirers and lovers of good acting at the opera house this evening.

Messrs. J. H. Warner & Co., Rochester, N. Y.:
GENTLEMEN: We trust our order will reach you in season to be promptly filled. The demand for your Safe Remedies, especially the Safe Kidney and Liver Cure, is continuous and increasing, and our customers speak in the highest terms of their value. "Dr. Sellers' Cough Syrup," without exception, has given satisfaction. Our readers give it a trial. Druggists keep it. Price 25 cents per bottle.

Why Wear Plasters?
They may relieve but they can't cure that lame back, for the kidneys are the trouble and you want a remedy to act directly on their secretions, to purify and restore their healthy condition. KIDNEY-WORT has that specific action—and at the same time it regulates the bowels perfectly. Don't wait to get sick, but get a package to-day, and cure yourself.

Try Locher's Renowned Cough Syrup.
O. Bortle, of Manchester, Ontario Co., N. Y., writes: "I obtained immediate relief from the effects of Dr. Thomas' Electric Oil, and have had Asthma for eleven years. Have been obliged to sit up all night for ten or twelve nights in succession. I can now sleep soundly all night on a feather bed, when I had not been able to do previous to using the Oil."

Another writes: "I have been troubled with Asthma for years; have used half a bottle of Dr. Thomas' Electric Oil, and the benefit I have received from it is so great that I would not take one hundred dollars for the balance of it and get no more." Address all orders to H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster.

For Throat Diseases and Coughs.—"Bottle of Broached Potatoes" like all other really good things, are frequently imitated, and purchasers should be careful to obtain the genuine article prepared by John I. Brown & Sons.

Timely Caution.
Genuine Hop Bitters are put up in square paneled, amber-colored bottles, with white label on one side printed in black letters, and green hop-plant, and on the outside yellow paper with red letters; genuine stamp over the cork. This is the only form in which genuine Hop Bitters are put up, and the sole right to make, sell and use them is granted to the Hop Bitters Manufacturing Company of Rochester, N. Y., and Toronto, Ont., by patents, copyright and trade mark. All others put up in any other way or by any one else, claiming to be Hop Bitters, are counterfeit and should be rejected. Physicians recommend it as superior to most European wines. It is dealt in largely by druggists.—Daily Express.

This wine is prepared by Drs. Alice and Davis, and sold by H. B. Slaymaker.
If you have scrofula, don't fail to use "Dr. Lindsey's Blood Searcher." Sold by all druggists.

Vine Culture and Wine Making.
Mr. Alfred Spear, of Painesville, N. J., so long and favorably known as the wine man of New Jersey, expects a larger yield of grapes this year than usual, and has reduced the price of his four year old Port to as low as to bring it within the reach of the poorer families who need a pure and rich wine for medicinal purposes. Mr. Spear's mode of fermenting and keeping his wine differs from the usual methods. This is the reason why it is so much superior in quality; but it requires four years' management without the use of sugar, and the result is a wine of perfect fine as this is; the knowledge of changing to various temperatures at different times, and at the right time, is where he has the advantage of getting so superior a wine. Large quantities of Spear's Port Grape Wine have been ordered to South America, and even to London and Paris. Physicians recommend it as superior to most European wines. It is dealt in largely by druggists.—Daily Express.
